And i can tell you aint happy...

Ballin' out with a niggah like me...

I can see you imaginin' those thoughts in your head

By the way your staring'...

I'll help your fantasies come true

All you gotta do is look me in my eyes

Look me in my eyes(5x)

Ill take you to that place

All i ask is look me in my eyes

Look me in my eyes(3x)

Baby look me in my eyes(1x)

Verse 1 :

What it do mama they call me young blast

And i couldnt help but stop soon as i roll past yah...

I see your pretty face,you aint supposed to frown

Then whose your man,anywise im gonna hold you

And i dont brag but he aint fly like me

He aint loyal,by your side,down to ride like me...

Now look around aint no guys like me

You can look into my eyes and see

Im a playa for real...

Chorus :

Look me in my eyes(5x)

Ill take you to that place

I see you peepin' mama

You know im watchin' you...

Can tell you want me

So tell me whats from stopping you...

Im all the things that your man cant be

Down to do it all, fulfill your fantasy...

I need a freak down in late night creek
Hop up in the coupe, then we cruise through the

Ride to the telly then its straight to the suite
Turn the lights low and then its straight to the sheets...
Your man bumpin you dont need that mess
All i need is one night let me ease that stress...
Here runnin' game ma' i aint got a lot of you
