Ridin' full speed, leavin' from the ghetto doin'  
A hundred miles an hour, you can barely see me  
movin'  
Gotta shorty waitin' for me that I been pursuin'  
And I ain't got far to go  
She a bad chick, somethin' I ain't tryna ruin  
She's steady callin' so I know she ready to get to it  
I'm tryna get there but I just can't seem to catch up to  
her  
By the time I got there she was gone  
And so I walked upstairs and I heard this sound  
So pretty, so gritty, so funny that noone's around  
So I locked myself inside and closed the door  
But there was this funny feeling inside that I couldn't  
get rid of  
Then I sing it

[Chorus:]

Miss melody, who could she be?  
Describin' me  
All alone with my ears pressed against the wall  
Miss melody, who could she be?  
Describin' me  
Alone with my ears pressed against the wall

Standin' in front of my window pane  
The sound got me starin' at the rain  
The more she play the more I feel the pain  
Why is she doing this, was it a game?  
Seems like she tryna take my soul away  
Startin' to feel I'm under her control today  
I can't see her but I hear her from the shade  
And it seems like she really knows me  
Every title makes me wanna run away  
I can't take it no more, gotta get away  
Got me talkin' about the dark nights in the cave  
While she starin' at me

[Chorus:]

Miss melody, who could she be?  
Describin' me  
All alone with my ears pressed against the wall

Miss melody, who could she be?  
Describin' me  
Alone with my ears pressed against the wal
