Ohhh, ohh, ohh, ohh

Just one look in the mirror
And I know I don't look the same being alone
I don't walk the same without you on my arm, I lost my
charm
I don't know how I made it before
Cuz you are my future for sure
And now that it's over I don't know how I'm gonna get
by...

Chorus:

With no more you x2
What am I gonna do?
With no more you...
To see me through,
With no more you
What am I gonna do?
With no more you
Can't believe there's no more you...

I look at my passenger side
And there's nobody to ride with me for life
It feels like the end, I lost my friend
I can't sleep at night,
Because your side ain't occupied
The hurt in my eyes, won't go away
I'm in so much pain...

Chorus:

With no more you x2
What am I gonna do?
There's no more you...
To see me through,
With no more you

What am I gonna do?
There's no more you
Can't believe there's no more you...

Don't know if I can make it or not...
Everybody sees that I'm going through a lot

It's hard being alone,
When you used to be on top
Call for you, there's no more you
I stop for a minute then I pinch myself
I can't believe I'm here by myself
I can't do anything without your help.
Call for you, there's no more you... Ohhh

Chorus: (x2)
With no more you
What am I gonna do?
There's no more you
To see me through,
With no more you
What am I gonna do?
There's no more you
Can't believe there's no more you...

No more you
What am I gonna do,
There's no more you
To see me through,
No more you...
What am I gonna do,
There's no more you
Can't believe there's no more you (x3)
