(She's so fine. I see you girl
She's so fine, she's so fine, she's so fine)

See that girl think that she's so fine.
I must believe her
Cause I'm losing my mind.
(My eye on ya')
Look like the type
That love to wine and dine.
But I, plan to get it
Without spending a dime.
By doing me (the way I do it)
By doing me (the way I do it)
If you see this chick in front of you
I promise you would lose it.
By doing me (the way I do it)
By doing me (the way I do it)
I'm so freaking confident
I get her that, I will go prove it.

I married dope girl Dream,
I'm Dough Boy Clean.
You see you look at me
On this dope boy team.
Only does what I does,
In just few a second she be in love.
I'm a gangster mac, all of the above.
I ain't gotta drop stacks,
Get 'em out of the club.
I just kick back let it do what it do.
See the chains sway,
She be stuttin' like glue.
Throwin' money at the roof,
Hoop like blue.
Inside henny, I say I goos. (?)
Cost a pretty penny, dollar got juice.
Shoo' game, she gon' get loose.

See that girl think that she's so fine.
I must believe her cause I'm losing my mind.
Look like the type that love to wine and dine.
But I, plan to get it without spending a dime.

Now watch she do that dance,
How she move got me in my trance.
I forgot my plans,
I'm tryna keep focus the best I can.
But, but she's so fine
If looks kill I'd probably be dying.
I'm hard to touch but easy to find.
Neighborhood block boy,
I be on my grind.
I aint' dropping a dime,
Got a different approach get 'em on my line.
I just pull up, they hop out,
She choose up, we mash out.

See that girl think that she's so fine.

See I'm a fly guy, ride high.
Woman going nuts when I, ride by.
I be fresh, I be cool,
Pretty young dude but I keep that to.
Try my goons, you must be fools.
I call the shots, I make the moves.
I hit the spots, how you singing the blues.
I drop the top, watch you stop and choose.
See I walk like a boss, talk like a boss.
Sit back in the park with the pepper leg (crossed)
I aint have to floss to have a chick lost.
I aint one of them other n's asking what they cost.
