Face a trouble everyday  
Trying to walk away from a life of sorrow  
It's a struggle everyday  
Trying not to rob G's, still I borrow

I need to take it slow, my heart is growing cold  
I'm trying to hide my feelings from the people that I  
know  
And everywhere I go I'm trying to lay low  
Can't afford to get in no trouble because I'm on parole

I'm trying to live life right  
God knows with all my might  
But I'm just barely getting by  
'Cause money's way too tight  
And I can say this right  
The struggle and the fight

It's weakin' all the muscles in my body like Kryptonite  
Making me feel like there is no other way  
But the different streets get that dough  
Living and praying for a better day, so

Face a trouble everyday  
Trying to walk away from a life of sorrow  
It's a struggle everyday  
Trying not to rob G's, still I borrow

Face a trouble everyday  
Trying to walk away from a life of sorrow  
It's a struggle everyday  
Trying not to rob G's, still I borrow

Streets, I ain't no longer on it, don't need feds all upon  
it  
I done left that life alone 'cause all I did was impress  
My homie, and then my conscience told me, careful  
Tou tendarone, always complaining after I ain't never  
did

She always lonely, so what am I to do?  
Gotta get money for food 'cause if she starves to death

Then I gotta deal with her attitude  
And I in that type of mood 'cause I ain't type of dude

It's bad enough, I gotta deal with all this I'm going  
through  
It's making me feel like there is no other way  
But the different streets get that dough  
Living and praying for a better day, so

Face a trouble everyday  
Trying to walk away from a life of sorrow  
It's a struggle everyday  
Trying not to rob G's, still I borrow

Face a trouble everyday  
Trying to walk away from a life of sorrow  
It's a struggle everyday  
Trying not to rob G's, still I borrow

Face a trouble everyday  
Trying to walk away from a life of sorrow  
It's a struggle everyday  
Trying not to rob G's, still I borrow

Face a trouble everyday  
Trying to walk away from a life of sorrow  
It's a struggle everyday  
Trying not to rob G's, still I borrow
