I'm sitting on my porch watchin' the law  
As they ride past in their patrol car  
So tell me why i feel like the enemy  
They suppose to be here protecting me, (aahh)

I might have went too far  
Helping to contribute to makin' they job hard  
Serving fiens like these people ain't no enemy  
I can't believe Im out here killin' my community (aahh)

If you knew how far I came (far I came)  
Where I am and where i use to be (where I use to be)  
Don't want it, you can tell by the look at me (by the look  
at me)  
This gangster life ain't no longer in me  
And i'm

-----

(Chorus)

Tired of the running, tired of the running,  
Tired of the running..  
Running from the law (running from the law)  
Baby you gotta believe me

I said i'm  
Tired of the running, tired of the running,  
Tired of the running..  
Running from the law (running from the law)  
Baby you gotta believe me

-----

(Akon)

I know there's things I could've change girl  
I know there's things I could've done a lot better  
Instead i'm in the streets, tryna make that cheddar  
Thinking in my mind that you gon' be there for ever

I know I coulda let it all go, (let it all go)

But I was thinking it would make life better (make life better)  
Instead i'm sitting in my cell writing this letter (writin' this letter)  
Thought I wouldn't get caught cause I was way too clever (way to clever)

I learned there's no one to catch you when you're falling  
And there be no one to hear you when you calling

Do you know what it's like to wake up in the morning (In the morning)  
While you starve you're hearing bugs crawling (bugs Crawling)  
Reminiscin on them days you was walking  
With pretty women on your arm while you 's flossing  
Thankful that i didn't end up in a coffin' (in the coffin')  
Somethin we see too often

-----

(Chorus)

Tired of the running,tired of the running,  
Tired of the running..  
Running from the law (running from the law)  
Baby you gotta believe me

Said I'm  
Tired of the running,tired of the running,  
Tired of the running..  
Running from the law (running from the law)  
Baby you gotta believe me

-----

(Bridge)

Said I'm tired  
-----

(Chorus)

Say i'm  
Tired of the running,tired of the running,  
Tired of the running..  
Running from the law (running from the law)  
You gotta believe me

I say i'm

Tired of the running,tired of the running,  
Tired of the running..  
Running from the law (running from the law)  
You gotta believe me

-----  
Said i'm tired
