I remember the times we spent together  
On those drives  
We had a million questions  
All about our lives  
And when we got to New York  
Everything felt right  
I wish you were here with me  
Tonight

I remember the days we spent together  
Were not enough  
And I used to feel like dreamin'  
Except we always woke up  
Never thought not having you here now  
Would hurt so much

Tonight I've fallen and I can't get up  
I need your loving hands to come and pick me up  
And every night I miss you, I can just look up  
And know the stars are  
Holding you, holding you, holding you  
Tonight

I remember the time you told me  
About when you were eight  
And all those things you said that night  
That just couldn't wait

I remember the car you were last seen in  
And the games we would play  
All the times we spilled our coffees  
And stayed out way too late

I remember the time you sat and told me  
About your Jesus  
And how not to look back  
Even if no one believes us  
When it hurts so bad  
Sometimes not having you here  
I sing

Tonight I've fallen and I can't get up

I need your loving hands to come and pick me up  
And every night I miss you, I can't just look up  
And know the stars are  
Holding you, holding you, holding you  
Tonight

I sing  
Tonight I've fallen and I can't get up  
I need your loving hands to come and pick me up  
And every night I miss you I can't just look up  
And know the stars are  
Holding you, holding you, holding you  
Tonight
