You will, be missed, by all your fans I cleared, my fears, but this' so hard to withstand If I had the power to change one thing, it'a bring you back today But life's not promissed and that won't change, im'a meet you there some day

In this lifetime I wonna thank you, for showing me the man in the mirror In this lifetime I wonna thank you, you motivated the world to deliver We cry out of joy There's so much joy in our heart

Oh I wish, the world could see you the way I did And I wish, they witnessed how a wonderful dad you were to all your kids And I noticed it didn't stop there, save your children was one of your goals Just donated all of your millions, so they could one day rule the world

In this lifetime I wonna thank you, for showing me the man in the mirror In this lifetime I wonna thank you, you motivated the world to deliver We cry out of joy There's so much joy in our heart

One word for the media, people see the love Stop this carbbage , show him Remember there was more to come, remember he's the chosen one Remember, remember what he's done

In this lifetime I wonna thank you, for showing me the man in the mirror In this lifetime I wonna thank you, you motivated the world to deliver We cry out of joy There's so much joy in our heart
