"In The Mood"

So much joy that you bring
You make my body wanna sing
When you do that thing you do
I'm right here where I wanna be
The weekends here and we got time
To slow it down and make it just right
Long bubble baths will do us fine
Scented candles and red wine
Come on over

I ? Come tonight
Lay me down
Turn me out
I'm in the mood
See you tonight
After work
Turn me out
Cause I'm in the mood

Unplug the telephone
So we can be left alone
When you put your hands on me
You don't know what you do to me
So many things I wanna do
Let me take it out on you
Hope you feel what I'm feeling
I've been wanting you all week

- 1

Come tonight

Come tonight
Don't tease me
Don't tease me
Come tonight
Come please me
Come please me
Come tonight
I wanna kiss you
All over

Come tonight
Can?t wait to see you
My baby, my baby
