### "Balance"

Visit "[Balance](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Yes, yes, yes  
Uh, yes, yes  
Yeah, yo, c'mon

[Chorus]

People of the world we got to have - balance  
You guaranteed to fall off if you lack - balance  
It's one essential thing that we got to have  
Baby you get to get, you know that we all need -  
balance  
Can't be on point if you don't have - balance  
You'll get caught off guard if your game lack - balance  
It's one essential thing that we got to have  
Baby you got to get, you know that We all need -  
balance

[Verse 1]

Take a look around, what you see? Turmoil (uh)  
At some point recently, the whole world spoiled  
It seems like we all fallin (uh)  
But I'm here to help restore the balance, cause I'm  
answerin my callin  
And I don't think I'm better than you (nah)  
But let me put you on to these jewels and you can put  
me on too  
I never had no problems with a lesson (uh)  
I got mad problems with the world though, even my  
profession  
There's no balance in rap, you either nerd or a thug  
You either got too many big words or bust too many  
slugs (slugs)  
You could study for years and be the world's top  
scholar (Gang Starr)  
But tryin to make the fans feel dumb, won't make 'em  
holla (uh)  
And this shit is hard to earn, so these thugs need to  
learn  
That they only fuckin it up for the kids when it's they  
turn (yea!)  
Let 'em know they roots and cultivate they talent  
So when they reach the crossroads, they can have

balance

And that's why the game needs Ak

Troops are at need to bring the realness back (uh)

Everywhere you look now, shit is fucked up (true)

Kids goin to school, they blowin the bus up (uh)

World War III is on the brink of reality

We kill the innocent and call 'em incidental casualties  
(true indeed)

How do we get some balance back in the mix? (huh)

Look out for each other, cause the government's  
lunatics

Now

[Chorus]

[Break]

Maintain balance and you won't fall off (yeah)

Maintain balance and you won't fall off (uh)

Maintain balance and you won't fall off (uh)

Maintain balance and you won't fall off (yo)

[Verse 2]

You only got to watch TV for so long

To see our beautiful black women without they clothes  
on (uh)

I know we capable of producin some fly freaks (uh)

But what about the ones that you get you open when  
they speak?

That's what I want to see on my TV this week

But there's no balance, so all we gettin is the nipple  
tweak

Baby girl make it twerk, you'll get paid for your work

I think it's foul, but you lookin at me like I'm the jerk

I like to watch a ass shake as much as the next

But young ladies need to know they worth more than  
sex

But whatever, cause everywhere I look it ain't straight

Everybody either hypocrites or over run with hate (uh)

The same cat tellin you that God is great

Is makin friends with your son, with plans to violate  
(true indeed)

Now what the fuck are we supposed to believe?

When the ones we supposed to trust, all got somethin  
up they sleeve?

Balance - somethin that we got to achieve

If your man slap you up, you got to know when to leave

Balance - somethin that we gotta maintain (uh)

Recognize plots to control your brain (yeah)

Balance - somethin that we all gotta learn (what?)

Take what you will and don't miss out on your turn (uh)

Recognize your worth and cultivate your talents

Remain on point and maintain your ...  
Yo

[Chorus]

[Break]
