I call you in the morning, you've still got that rough  
but charming voice  
In my head I see you sitting there in your cosy little bed  
Your cell phone tightly held with your strong soft  
beautiful hands  
Don't stop talking, please, it warms my soul so well

Listen, baby, I've got a sweet sweet message for you  
Every little thing you say makes me even more  
attracted to you  
Lovely baby, you're like the sugar in my cup of tea  
But don't you melt down, 'cause that's already  
happened to me

No matter where I'm going, I always carry you within  
my heart  
I know it might sound corny, but it feels as natural as it  
can be  
When life gets dark and cold, you're the one standing  
with open arms  
I don't need to say much, somehow you can read my  
mind

### CHORUS

I fell for you, my friend  
I fell for you, my friend  
All the way is worth it now you're here  
I fell for you, I'm in love with you  
I fell for you and all the things you do  
And I would do it all again

### CHORUS

To me, to me...  
Oh, yeah  
That's already happened to me
