

Al Axy "Famous Over Night"

I thought Iâ€™m part of your party
Thought Iâ€™m the one you want
(Maybe Iâ€™m not not)
You think Iâ€™m some kinda foolish
Maybe I really am
(Maybe Iâ€™m not not)
You say I canâ€™t go to politics
Iâ€™m far from being P.C., so maybe Iâ€™m a Mac
(Maybe Iâ€™m not not)
Maybe Iâ€™m a psycho bad ass creep
Maybe Iâ€™m telling too much
(Maybe Iâ€™m not not)

Feel free to take a shot, tonight my smile is all I got
Who are you to tell me what to do?

Now youâ€™re my past
Itâ€™s time to get famous over night
Itâ€™s about time to rule the world
Letâ€™s make some gossip in the limelight
You havenâ€™t seen my potential
There ainâ€™t much I can do now now
Ainâ€™t much I can do now now

You canâ€™t believe that Iâ€™m serious
Maybe Iâ€™m making it up
(Maybe Iâ€™m not not)
You wonder why Iâ€™m so open
Maybe Iâ€™m shameless or
(Maybe Iâ€™m not not)
Maybe my philosophyâ€™s shallow
Maybe Iâ€™m not giving a damn
(Maybe Iâ€™m not not)
Maybe Iâ€™m the best when not talking at all
Maybe Iâ€™m deadly annoying
(Maybe Iâ€™m not not)

Letâ€™s cause a stir, the spotlightâ€™s pointing right at our
bones
Pose, action, flash â–€ camera phone sending all the
bare facts home

Now you're my past
It's time to get famous over night

It's about time to rule the world
Let's make some gossip in the limelight
You haven't seen my potential
There ain't much I can do now now
Ain't much I can do now now
There ain't much I can do now now
Ain't much I can do now now

Revenge tattooed on my front
Talk to you never
I am fire and there's plenty to burn
(I'll get away with this)
Watch them watching me
Watch me soaring up
I'm on a rocket, baby
Leaving the atmosphere (of your world)

With some spaceman professional
Mouth to mouth respiration
Breathe me alive (breathe me alive now)
I'm sleeping with fame now, you'd better prepare
Spending the nights watching me on TV

Now you're my past
It's time to get famous over night
It's about time to rule the world
Let's make some gossip in the limelight
You haven't seen my potential
There ain't much I can do now now

Now you're my past
It's time to get famous over night
It's about time to rule the world
Let's make some gossip in the limelight
You haven't seen my potential
There ain't much I can do now now
Ain't much I can do now now
There ain't much I can do now now
Ain't much I can do now now
