Let's face it, we've got secrets, yeah yeah
I know you know I'm hiding something from you
Don't look so awkwardly surprised
You know it won't be always sunshine
Are we better off on our own?
Appreciate me for who I am
Or go your goddamn way

We've got not much time, so tonight let's just make
history
Tell me we will draw a line under everything that's
behind us
Get to know me, get to know me - my modest request
So in the end it's fine again, right? Right? Right?

Right, right, right?

How come it feels as if you're distant, so far away
Is there something wrong with what I'm saying,
that's just who I am
Cause I don't see a sense in lying
You're walking oh so tall till lights turn on me
Then you're scared of the freak I ain't
I won't bite since my doubts are gone
Hey, let's give it a try

CHORUS

Right, right?

Stand your ground
Kill all prejudice and
Show me what you've got
Lay down your fears
Try to keep to it cool
Am I repeating myself?

CHORUS

Right, right, right?
Right, right, right?
Right, right, right?
