The city's asleep
I'm lying awake
I wish you were here
Talking to me
It was the perfect harmony
When you were next me
We didn't need those masquerades
Don't let it disappear

Chorus:

I should be happy
I should feel nice
I should be running around with a crazy smile
But I'm not happy
And I just won't feel nice
'Cause all I think about is you

Now you are gone
To a place that's unknown
Is it a paradise?
'Cause that's I have been told
I would give so many things
For one more second with you
I'm proud of our time

I hope you rest in peace

Repeat chorus

I should be happier, just a little bit
That's what you'd want me to be
But I can't ... sorry
Please send me power, 'cause I'm weak

Let me dream of your smile
And the moments we share
Don't know where you might be
But I know that one day
We'll be together again
That's for sure

I should be happy and nice

I should be running around with a crazy smile
Happy, oh, nice
I think about you

Repeat chorus

Oh, it's you
You, only you
It's you
You
