Sexy Simone enters the room
All eyes on her, one step at a time
You should know that deep inside
I tend to be very shy

The crowd goes crazy when Simone starts to move
Wondering if she's staring right back at me

So tonight you'd better find me
Cause it's you I'm doing all of this for
Hide and seek and some undressing
I've never played this naughty game before
You're my late night entertainment
The only one who turns my head
around
Exceeding my imagination
When we both are blasting off from the ground

Hot Simone wearing a suit
I grab her tie and I drag her around a little
Holds me right, her arms are strong
Tongues are burning, this must be my lucky day

Simone is skilled and her expression says it all
She wants to leave this place with me, I'll get my coat

CHORUS

Oh Simone...
Oh Simone, where'd you get them muscles from?
Oh Simone, where'd you get them from?

These others just wondering
Not knowing, just callin' me haughty
I only got eyes for her
Whatever, losers
Whatever, yeah
Whatever, losers
Whatever, we're off!

CHORUS

So tonight you'd better find me

Cause it's you I'm doing all of this for
Hide and seek and some undressing
I've never played this naughty game before
