I can't go back to this place  
'Cause I won't live a life like this  
And every time you are with me  
You look at me like I was a freak  
You keep pulling me down, I wake  
I'm driving all of my enemies away

Chorus:

You make me sick, I hate the way you talk to me...  
It seems like you are trying to breathe tons of shit into  
my face  
I won't live a life like this, I'm not so stupid to believe  
That innocence last longer than we're ready to pay  
It makes me sick, I hate the way you look at me...  
No matter what you'll ask me for, I will say no, the time  
has changed  
Your life is just another lie, how can somebody act so  
shy?  
I am not the toy that brings the only joy in your life

In your life...  
They joy...  
In your life...

You would take me anywhere  
Like I was your dirty teddy bear  
If you could benefit from me  
That's obvious for me to see  
You keep pulling me down, I wake

I'm driving all of these memories away

Repeat chorus

Is it really that hard to understand?  
Yes it is, yes it is, there you go, baby  
Will you ever stop fooling around?  
No you won't, no you won't, you're driving us crazy  
Get out of my life, that's my last will  
Get out, get out, get out

Repeat chorus

In your life...  
In your life...

I don't feel like it  
I'm not playing  
I don't feel like it  
I'm not giving  
You make you me so sick, sick, sick  
Why don't you get-get-get it?

You lied to me so many times  
No doubt that you have lost your mind  
You can't live without making stress  
You're the reason for my sleeplessness

You kept pulling me down, I've woken (I've woken)  
I've wiped away all your fantasies  
The spell...is broken  
Broken, I'm leaving  
You make me so sick, sick, sick, sick, sick, sick

Repeat chorus
