The truth's covered up with lies  
It's hard to believe your eyes  
When faith and love are nowhere left in sight  
It's a crime they could never sell  
And the press don't always tell  
To justify the stories they create  
No one can deny the fact there's a God  
The evidence demands a verdict  
Right about now  
Things have gotta change  
It's a world goin' up in flames  
High upon a cross  
He was lookin' down  
Wonderin' if we'd ever come around  
Right about now  
There's a child out in no man's land  
With a pain no one understands  
Will the shadow of darkness forever seal his fate?  
It's a red light that we can't run  
As we rise to a fading sun  
Our days were numbered  
Long before we knew

Right about now  
Things have gotta change  
It's a world goin' up in flames  
High upon a cross  
He was lookin' down  
Wonderin' if we'd ever come around  
Right about now  
Things have gotta change  
It's a world goin' up in flames  
As sure as we live and breathe  
More than love we need  
The answer's so clear  
Right about now  
Right about now  
Things have gotta change  
It's a world goin' up in flames  
High upon a cross  
He was lookin' down  
Wonderin' if we'd ever come around

Right about now  
Things have gotta change  
It's a world goin' up in flames  
High upon a cross  
He was lookin' down  
Wonderin' if we'd ever come around  
Right about now
