Tommy lead his class in high school
Seemed he had everything
We all could see him goin' somewhere
'Til he crashed his dreams
His girlfriend's father called him late one night
The news he heard would change his life
Whatcha gonna do?
What's it gonna take
For you to see wrong from right?
How you gonna know
Where you gonna go
Runnin' from your life?
There's another way
There's another life
First you gotta see His truth
The choice is up to you
Now Tommy's story's too familiar
Cause we all make mistakes
It's like your racing down a mountain
And you ain't got no brakes
Before you find yourself where
This road ends
It's time to make the choice
My friend
Whatcha gonna do?
What's it gonna take
For you to see wrong from right?
How you gonna know
Where you gonna go
Runnin' from your life?
There's another way
There's another life
First you gotta see His truth
The choice is up to you
In a world full of choices
There's one who understands
In your time of confusion
Look to Jesus
Whatcha gonna do?
What's it gonna take
For you to see wrong from right?
How you gonna know

Where you gonna go
Runnin' from your life?
There's another way
There's another life
First you gotta see His truth
The choice is up to you
