You might think, I'm a crazy fool
But I saw a horse doin' the bop with a mule
Down on the farm, down on the farm
Down on the farm, rock 'n' roll is takin' over my barn

The rooster won't crow, chicken won't cluck
Running 'round the barnyard, doin' the hucklebuck
Down on the farm, down on the farm
Down on the farm, rock 'n' roll is takin' over my barn

Lazy dog, crazy pig
All they wanna do is a rock 'n' roll dig
Down on the farm, down on the farm
Down on the farm, rock 'n' roll is takin' over my barn

The rooster won't crow, chicken won't cluck
Running 'round the barnyard, doin' the hucklebuck
Down on the farm, down on the farm
Down on the farm, rock 'n' roll is takin' over my barn
