Your love is just for me, for me
It's just for me
It's just for me, for me, for me
It's just for me

Just stopped by to say
That I love you more each day
Now you turn around and you knock me down
But I love you still, baby, baby

Why can't you tell that I love you by the way that I
smile?
Oh, why can't you bring more love to the table?
You drive me wild

Hey, your love is just for me
For me, oh for nobody but me, yeah
Hey, your love for me, it's for me
I can tell it's just for me

Just about to say
We'd make our life worth livin'?
And by now I think our love is more
It's more than giving, hey

Why can't you tell that I love you by the way that I
smile?

Why can't you bring more love to the table?
You drive me wild

Hey, your love is just for me
For me, oh for nobody but me, yeah
Hey, your love for me, it's for me
I can tell it's just for me, hey

Thinking 'bout you everyday, this way
Thinking 'bout you, what can I say
Thinking 'bout you, this is more from me

Your love is just for me
It's for me, it's just for me, yeah

Your love is for me, is for me, is for me
It's just for me

Your love is for me, is for me
It's just for me, hey, hey, hey
Your love is for me, for me, for me
For me

Your love is for me, is for me, for me
Just for me
Your love is for me, is for me
It's just for me
