Don't look so sad, I know it's over
But life goes on and this world keeps on turning, yeah
Let's just be glad, we have this time to spend together
There is no need to watch the bridges that were
burning

Lay your head on my pillow
Hold your warm and tender body close to mine
Hear the whisper of the raindrops
Blow softly against my window pane late at night

Make believe you love me
On more time
For the good times
For the good times

I'll get along, I'm sure you'll find another
But baby, please remember I'll be here
I'm gone, stay right here
If you should ever find that you need me, yeah

Don't say a word about tomorrow forever
Forever and ever and ever and ever
There will be time enough for severance
When you need me

For the good times
For the good times

Lay your head on my pillow
Hold your warm and tender body close to mine
Hear the whisper, hear the whisper
Of the raindrops, of the raindrops
Blowing softly, softly against my window, oh, oh, oh

Make believe, make believe
On more time
For the good times
For the good times
