Yeah, again

Sally was a girl that lived in Memphis  
Was down on all the latest dances  
I found the groove and Sally start to move  
And all the guys taking chances and everybody would  
say

Ride Sally ride, is all you gotta do wipe your weepin'  
eyes  
Tell you just shake it to the east now, baby, yeah just  
Shake it to the west now, baby, hey, baby just  
Shake now, shake it, shake, shake it, yeah

Sally would dance all night long, this is what I say to  
you, yeah  
How we fly we doin' till we die  
We dancin' till the night is through  
Everybody sing

Ride Sally ride, oh, make me feel good  
Wipe your weeping eyes, all you gotta do is  
Tell you just shake it to the east now, baby, I'd keep on  
sayin'  
Shake it to the west now, baby, gettin' good, I said

Shake it, shake it, babe  
Shake it, yeah, shake it, yeah  
Early in the morning yeah  
In the evenin' go on and shake it, hey, hey baby

Ride Sally ride  
Lord, have mercy  
Wipe your weeping eyes  
Ride Sally ride
