I was lost deep in sin  
Jesus came and took me in  
Now I feel I've got a friend  
I got a friend in him

Every time I feel the spirit  
Moving in my heart, I pray  
And it always make me say  
Keep me day by day

He's so real to me  
(God is so real)

So really real so, so really real  
(God is so real)  
So real, so real

So real to me  
(God is so real)  
He's so really real  
So real to me

Every time I feel the spirit  
Moving in my heart I pray  
And it always make me say
