Ever since we said goodbye
I've been trying not to wonder why
But I still find myself counting the days
Did we really have to close the door
Can't deny that I'm not so sure
Cause I'm still feeling you in so many ways
I tried so hard to say goodbye
I tried to let you go
But after all is said and done
I've gotta let you know

If ever you feel the need to hold me
If ever you find your heart still cares
Anytime, anyplace
You can call me
You know I'll be there (Know I'll be there)
If ever your world is cold and lonely
And you need love to call your own
Don't you know that my heart's always open
You're never alone (never alone)

You're never alone

I listen to the falling rain
Sometimes I think I hear your name
And I wish on a star to bring you back to me
Oh baby, But wishes don't make dreams come true
And dreams are all I have of you
I guess that my heart is too blind to see
Wherever life may lead your heart
One thing I swear is true
You'll never have to walk alone
Cause I'll be here for you

If ever you feel the need to hold me
If ever you find your heart still cares
Anytime, anyplace
You can call me
You know I'll be there (I'll be there)
If ever your world is cold and lonely
And you need a love to call your own

Don't you know that my heart's always open
You're never alone (never alone)

Ooh, I'll be right there for you baby
Baby

When your world is falling down (Falling down)
And there's not a friend around
Take a look right here beside you
Cause that's where I'll be found
That's where I'll be found

If ever you feel the need to hold me
If ever you find your heart still cares
Anytime, anyplace (Anytime, anyplace)
You can call me (You can call me)
You know I'll be there (You know that I'll be there)
If ever your world is cold and lonely
And you need a love to call your own (Love to call your
own)
Don't you know that my heart's always open (My heart's
always open)
You're never alone (You're never alone)

When you need me you can call my name
To help you make it through the fallin' rain
You know that you can count on me (You can count on
me)
To stand beside you faithfully
When you need me you can call my name
To help you make it through the fallin' rain
You know that you can count on me (Whenever you
need me)
To stand beside you faithfully
