Darling, I'm sorry I never let anyone talk to you
And please don't be angry
If you don't grow up like you wanted to

This is the damage that two can do

24 hours a day keep turning but I'm not sorry
24 hours of pain and hurting but I'm not sorry

But if you could see what you do
If you knew what you put me through
You'd see the damage that two can do
Whenever they're through

24 hours a day keep turning but I'm not worried
24 hours of pain and hurting but I'm not worried

This is the damage that two can do

24 hours a day keep turning but I'm not angry
24 hours of pain and hurting but I'm not angry

This is the damage that two can do
