"Flying Over Bus Stops"

I belong with your arms wrapped around my neck
Your lips glistening in the light
Awesome headlights passing by

Hold thought
I hold the thought
Walking back towards your house
Raindrops bouncing off the leaves
Down to our September kiss

Flying over bus stops and playgrounds
I'm here
Soaked right to the core
Stay here forever
I'm safe with you

If the words I've ever wrote on the backs of envelopes
I could fold to paper planes
I would fly them through your veins
Helicopters overhead
Wide awake at 3 am
Now the ink runs to your heart
And you know just how I feel

Flying over bus stops and playgrounds
I'm here
Soaked right to the core
Stay here forever
I'm safe with you

Flying over bus stops and playgrounds
I'm here
Soaked right to the core
Stay here forever
I'm safe with you
