I was lost oh no
And my heart beat with the stereo
As the sun rose in your eyes
You shot a look that killed me

Can you work it out for yourself?
I couldn't work it out for myself

Keep it coming and I'll light the way home
Keep it coming and I'll light the way home
I'll be there to take your hurt
Even if I come off worse
Keep it coming and I'll light the way home
Keep it coming and I'll light the way home
I'll be there to take your hurt
Even if I come off worse

I was lost for words
Lost inside your dream world

Can you work it out for yourself?
I couldn't work it out for myself oh no

Keep it coming and I'll light the way home
Keep it coming and I'll light the way home
I'll be there to take your hurt
Even if I come off worse
Keep it coming and I'll light the way home
Keep it coming and I'll light the way home
I'll be there to take your hurt
Even if I come off worse

Keep it coming and I'll light the way home
Keep it coming and I'll light the way home
I'll be there to take your hurt
Even if I come off worse
Keep it coming and I'll light the way home
Keep it coming and I'll light the way home
I'll be there to take your hurt
Even if I come off worse
