There's a house at the end of the road
It's got no windows and it's hard to see what is going
on in there

There's a man and he asks you what you want
He's got no reason but you feel like you can't just
ignore what he says

Imagine he's all you've got
Imagine he's all you've got

There's a house at the end of the road
It's got no windows and it's hard to make out what you
just came here for

Catch the sun through the trees as you are walking
through the garden
You've just got to get in before they close the door

Imagine he's all you've got
Imagine he's all you've got

Imagine this is all you have come across
Imagine she's all you've got

Imagine this is all you will ever have
Imagine he's all you've got
