"Stand In The Sun"

Hold On, Doesn't have to be that way
Be Strong, I know that we can work it out
It's nothing, just a minor scratch
On the surface of your beautiful skin

And I will remember
Times that have gone
Look to the future, and
Stand in the sun

Hold on there is nothing left for me to say
Run your fingers down my lonely spine
Come closer, breathe your breath of my back
Yeah, come closer wear this love around your neck

And I will remember
Times that have gone
Look to the future, and
Stand in the sun

And I will remember
Times that have gone
We will look to the future
Stand in the sun
