"Summertime"

Summertime come wanna make you mine
Got the flowers and the trees and I'm feelin' fine
Alright
Talkin' 'bout summertime

Birds in the air gotta stop and stare
Gonna grow my hair take you everywhere
Alright
Talkin' 'bout summertime

Summertime come only once a year
Make it loud and clear that you're my dear
Alright
Talkin' 'bout summertime

Sun gonna shine, baby all the time
Gonna sit back, relax, and drink some wine
Alright
Talkin' 'bout summertime
