We can walk in straight lines
We can't see quite right

We've lost the plot and we can't get it back
So let's lose ourselves
Let's lose ourselves

Can you spot the English here

Let's pick a fight on whomever we like 'cause we're
never wrong

Nobody likes us
We don't care
So let's lose ourselves
Let's lose ourselves

Can you spot the English here

We can see it for real but it doesn't make sense
We're the outsiders
We can see all this speech come staggering out
And we can climb it's way to the top of that cloud

I'm away with the fairies now
I'm away with the fairies now
I'm away with the fairies now
I'm away with the fairies now

This familiar environment gets my lungs confused
I breathe in every particle that you drive through
That you drive through

Well can you spot the English here

We can see it for real but it doesn't make sense
We're the outsiders
We can see all this speech come staggering out
And we can climb it's way to the top of that cloud

I'm away with the fairies now

I'm away with the fairies now
I'm away with the fairies now
I'm away with the fairies now
