

Al Hibbler "11th Hour Melody"

Visit "[11th Hour Melody](#)" on [MotoLyrics.com](#)

The eleventh hour is here
The hour of parting, dear

We have one hour, my love
For at midnight, we must part
Soon, my love, you'll obey
Your wandering heart

Thrill my lips as you've
Always thrilled them
Till my lips
Are mine no more

Hold back the time, my love
The eleventh hour is here
Hold the time while
I'm holding back a tear

I'll be yours
Till the last eternity
Darling, come back to me

The eleventh hour is here
The hour of parting, dear

I'll be yours
Till the last eternity
Darling, come back to me

The eleventh hour is here
The hour of parting, dear
Come back
