Don't worry about the future
Don't think about the end of time
It's only the here and now when you've got me
Stop trying to push away this overpowering feeling
Don't want to be too tight to hold you

Cause all I wanna do is dance with you
And all I wanna do is dance with you in my arms
And all I wanna do is dance with you
Oh and all I wanna do is dance with you in my arms

Cause all I wanna do is dance with you
And all I wanna do is dance with you in my arms
And all I wanna do is dance with you
Oh and all I wanna do is dance with you in my arms, in
my arms

Don't worry about the future
Don't think about the end of time
It's only the here and now when you've got me
Stop trying to push away this overpowering feeling
Don't want to be too tight to hold you

Cause all I wanna do is dance with you
And all I wanna do is dance with you in my arms
And all I wanna do is dance with you
Oh and all I wanna do is dance with you in my arms

Cause all I wanna do is dance with you
And all I wanna do is dance with you in my arms
And all I wanna do is dance with you
Oh and all I wanna do is dance with you in my arms
