Dancing through the darkness  
With a corpse for a partner  
Trying hard to keep in step  
Calliope entrancing  
Spinning towards upheaval of the dead  
Cracking cross the ceiling  
Leaking plasm through the peelings  
Evolve then dissolve  
Wistful about your brothers  
Yearning for the mother  
And the calm... before the storm  
Chased by the past  
Stalled in the present  
Pissing on the future  
Make no mistake  
Within your haste  
To stitch & suture  
Without restraint  
Or a guiding gaze  
Rules are verboten  
Marveling the waves  
Crashing up the banks  
& flooding to you  
Dreams of peace elude  
Torrents of pain deluge  
Lacking the faith  
To make another day  
A chance for changes  
Rolling in the waste  
Of a stillborn taste  
For levity

Proclivity reigns  
Tightening the ropes  
Of your behavior  
Shooting at the moon  
Burning up the spoon  
Has made you weak  
Dreams of peace elude  
Torrents of pain deluge  
Drawn into the whirlpool  
Stream of consciousness cool

Ever widening circles  
Envelop a drowning fool  
Awaiting your deliverance  
Begging for forgiveness  
Looking for an answer  
To mend a broken dream  
Ever land of failure  
Sparking up involvement  
Shards of ramification  
Grinding me  
RAMPANT FOR REDEMPTION  
REGULATE THE MADNESS  
STRUGGLING TO GAIN BALANCE  
REGULATE THE MADNESS  
STRUGGLING TO GAIN BALANCE  
Pragmatic vision  
Momentous clarity  
Sidestep derision  
Aware of what must be  
Debasement  
Of hatred  
And anger
