I stand tall waiting
Backed against the wall
Staring six feet in the distance
I stand sixes in the valley
Then I'm off toward the city lights

You send me no letter
Lack of information
Gives me no shelter
I was cracking empty bottles
By the distant tree line

All the way
Let's go all the way
Dance the night away
Let's go all the way

All the way
Let's go all the way
Dance the night away
Let's go all the way

Blue wide yonder
Down by the water
Fight for glory
I'm in the northern territory

All the way
Let's go all the way
Dance the night away
Let's go all the way
(Repeat)

You send me no letter
Lack of information
Gives me no shelter
I was cracking empty bottles
By the distant tree line

All the way
Let's go all the way
Dance the night away

Let's go all the way
(Repeat)

I stand tall waiting
Backed against the wall
Staring six feet in the distance
I stand sixes in the valley
Then I'm off toward the city lights

All the way
Let's go all the way
Dance the night away
Let's go all the way
(Repeat)

Go wide yonder
Down by the water
Fight for glory
I'm in the northern territory

Down by the water
Is a creature
To fight for your glory
In the northern territory

Down by the water
Fight for glory
I'm in the northern territory

Mm-mmm-mmm

I step back in the garden (repeat)
