Shine, I'll stand by you
Don't try and push me away 'cause I'm just gonna stay

Do you know my name well, I ain't gonna take
That big time line, won't be beat by a lie
Gonna call out to these embers waiting to ignite
Gonna pull you up by your love, by your love and tell
you

Shine, I'll stand by you
Don't try and push me away 'cause I'm just gonna stay
You can shine, I won't deny you
And don't be afraid it'll all be okay

I can see the frown you wear all around
Like some faded crown, like a watch over wound
Gonna call down to this diamond buried underground
Gonna pull you up by your love, by your love and tell
you

When it's said and done
What you need will come
And time, it won't let me
Let you let me waste it this time

Shine, shine, I'll stand by you
Don't try and push me away 'cause I'm just gonna stay
You can shine I won't deny you
And don't be afraid it'll all be okay

Gonna pull you up by your love
Gonna pull you up by your love
Gonna pull you up, gonna pull you up
Gonna pull you up and tell you, tell you

Shine, shine, shine
