Rocky burned up the movie screen  
When I was turnin' seventeen  
Tie-dyed shirts and Levi jeans  
Lookin' cool at the Dairy Queen  
Tryin' to impress a young woman in her Sunday dress

That was 1976, didn't know who I was yet  
A pretty little blonde-haired girl  
Stole my heart and changed my world

Two kids and a moonlit sky  
A little love on a Friday night  
Built a fire that just won't quit  
And that was 1976

My high-school days are packed away  
Set my sights on a bigger stage  
Jimmy Carter moved to D.C.  
A Georgia boy just like me  
Life seemed easy, nothing much that we needed

And that was 1976, didn't know who I was yet  
A pretty little blonde-haired girl  
Stole my heart and changed my world

Two kids and a moonlit sky  
A little love on a Friday night  
Built a fire that just won't quit  
That was 1976

Eight-track tapes were still in style  
And Elvis was still alive  
Wonder Woman sure looked fine  
Bionic Man was still prime time  
And that girl I liked  
We kept on tryin' till we got it right

That was 1976, didn't know who I was yet  
A pretty little blonde-haired girl  
Stole my heart and changed my world

Two kids and a moonlit sky

A little love on a Friday night  
Built a fire that just won't quit  
And that was 1976

Yeah that was 1976, didn't know who we were yet  
Built a fire that just won't quit  
That was 1976  
We built a fire that just won't quit  
That was 1976
