Oh I'm blessed and I know I am
God has dealt me a winning hand
A loving woman and a fairy land for me

Oh and I can't believe it half the time
When I look at her in perfect light
Sweet vision every day and night I see

(Chorus)
My baby has big green eyes
Brighter than the bluest sky
Softer than an angel flies
Sweeter than a lullaby
And she loves me without design
Her picture never leaves my mind
I don't deserve a love this fine
Baby and her big green eyes

Oh and I'm never very far away
Even if I'm in another place
Her smile you can't erase from me

Chorus

(Instrumental)

Oh and I'm thankful every waking hour
For the love of a gentle flower
A face I will never tire or leave

Chorus

Her picture never leaves my mind
I don't deserve a love this fine
Baby and her big green eyes
