It's time for a change
I'm tired of that same old same
The same old words, the same old lines
The same old tricks and the same old rhymes

Days, precious days
Roll in and out like waves
I got boards to bend, I got planks to nail
I got charts to make, I got seas to sail

I'm gonna build me a boat with these two hands
She'll be a fair curve from a noble plan
Let the chips fall where they will
'Cause I've got boats to build

Sails are just like wings
The wind can make them sing
Songs of life, songs of hope
Songs to keep your dreams afloat

I'm gonna build me a boat with these two hands

She'll be a fair curve from a noble plan
Let the chips fall where they will
'Cause I've got boats to build

Shores, distant shores
There's where I'm headed for
I got the stars to guide my way
To sail into the light of day

I'm gonna build me a boat with these two hands
She'll be a fair curve from a noble plan
Let the chips fall where they will

'Cause I'm gonna build me a boat with these two hands
She'll be a fair curve from a noble plan
Let the chips fall where they will
'Cause I've got boats to build, I've got boats to build
I've got boats to build
