It's hard to describe  
You're like nothing I've ever known in my life  
Time is flowing from down deep the sunrise  
So selfless and complete

A beauty in and out  
All around you not a single cloud  
Like the rain just stops before it hits ground  
And puddles at your feet

Chorus:  
You're an angel  
I know heaven wonders where you are  
Like you fell off some old shining star  
Right into my heart  
An angel,  
When I'm with you I feel like a king  
Just like out of some old movie scene  
An angel, everything but the wings

Looking at you  
It's hard to believe that you could feel the way I do  
Never thought I'd find so much love we're  
falling to  
Or perfect or true  
So never go away  
If heaven calls you back just ask if you can stay  
I never find someone to ever take your place  
You know they only made a few

Chorus:  
Cause you're an angel  
I know heaven wonders where you are  
Like you fell of some old shining star  
Riding to my heart  
An angel,  
When I'm with you I feel like a king  
Just like out of some old movie scene  
An angel, everything but the wings
