Here I am alone again tonight  
In this old empty house  
It's hard to learn what you don't think you need  
You can't live without  
Never leave the sound of the telephone  
But ever since you left, I've been gone

Gone crazy, goin' out of my mind  
I've asked myself the reasons  
At least a thousand times  
Goin' up and down this hallway  
Trying to leave the pain behind  
Ever since you left, I've been gone

I never saw your face this many times  
When you were really here  
The things you said I never understood  
Now crystal clear  
I never spent this much time at home  
Ever since you left, I've been gone

Gone crazy, goin' out of my mind  
I've asked myself the reasons  
At least a thousand times  
Goin' up and down this hallway  
Trying to leave the pain behind  
Ever since you left, I've been gone

Gone crazy, goin' out of my mind  
I've asked myself the reasons  
At least a thousand times  
Goin' up and down this hall way  
Trying to leave the pain behind  
Ever since you left and, I've been gone

I've been gone, I've been gone  
I've been gone, gone  
I've been gone, I've been gone
