No candle light, no wine
No plans and that's just fine
Just put your hand in mine
Nothing fancy.
Don't need no party dress,
I like you just like this.
Just like the night we met,
Nothing fancy.
Girl, this is everything I'm looking for
There's nothing you could do
To make me want you more.
So I hope it's still okay
That when I feel this way
I love you is all I say,
Nothing fancy.
Girl, this is everything I'm looking for
There's nothing you could do
To make me want you more.
So I hope it's still okay
That when I feel this way
I love you is all I say,
Nothing fancy.
