Remember when I was young
And so were you
And time stood still
Love was all we knew
You were the first and so was I
We made love and then you cried
Remember when

Remember when we vowed our vows
And walked the walk
And gave our hearts
Made the start and it was hard
We lived and learned life through curves
There was joy and there was hurt
Remember when

Remember when old ones die
And new were born
Life was changed
This December rearranged
We came together and fell apart
We broke each other's hearts
Remember when

(long guitar break)

Remember when the sound of little feet was the music
We danced to week to week
Brought back the love we found trust
Voweled we'd never give it up
Remember when

Remember when thirty seemed so old
Now lookin back
It's just a stepping stone
To where we are where we've been
We said we'd do it all again
Remember when

Remember when
We said when we turned gray

When the children grow up and move away
We wont be sad; we'll be glad
For all the life we've had
And we'll remember when

Remember when
Remember when
