This old bar stools feelin' higher as I started sinkin'
lower
The minute that she waltzed right through that door
Not long ago I held her, like a fool I left her
Now she's with somebody new out on that floor

And she's got the rythm & I got the blues
And she's showin me how much I had to lose
With every little move she's telling me I'm over you
She's got the rythm & I got the blues

Well that musics gettin louder as my heart keeps
beatin' faster
And she spells out regret in perfect time
Well I thought I wanted freedom but that ball & chain I
need 'em
But when you choose sometimes you lose the prize

And she's got the rythm & I got the blues
And she's showin me how much I had to lose
With every little move she's telling me I'm over you
She's got the rythm & I got the blues

Yeah with every little move she's telling me I'm over
you
She's got the rythm & I've got the blues
