It's another tequila sunrise
Staring slowly 'cross the sky
I said goodbye

And he was just a hired hand
Working on the dreams he'd planned to try
As days go by

And every night when the sun goes down
Just another lonely boy in town
And she's out runnin' round

She wasn't just another woman
And I couldn't keep from coming on

It's been so long

Oh, and it's a hollow feeling
When it comes down to dealing friends
It never ends

Take another shot of courage
Wonder why the right words never come
You just get numb

It's another tequila sunrise
This whole world still looks the same
Another frame
(As in a movie)
