There you were standin' in the shadows  
Well I just looked where  
I don't see  
I'm still pretendin I don't need you  
I won't let you know you're killin me

Like some big black widow spider  
You know just how to catch your prey  
I'm actin like it doesn't matter  
And you sneak up from  
Behind and whisper my name

There goes your paralyzin eyes  
There goes your tantalizin smile  
There goes my act of playin it cool  
And there go the words  
I meant to say  
There go the games  
I wanted to play  
There goes my heart fallin for you  
Well I think you're playin with me darlin  
You like to see what you can do  
Well I should be fishin for Blue Marlin  
Instead of bein hooked again by you

There goes your paralyzin eyes  
There goes your tantalizin smile  
There goes my act of playin it cool  
And there go the words  
I meant to say  
There go the games  
I wanted to play  
There goes my heart fallin for you

Yeah there goes your paralyzin eyes  
There goes your tantalizin smile  
There goes my heart fallin for you  
There goes my heart fallin for you
