on your mark, get set, go

*[Verse 1]*

Nearly all around america  
it really doesn't matter where you are  
were talking to you  
ladies ATL is on the way  
in the back in the club or the Range Rov  
take your hand and turn up the radio  
trying to holla at you  
it's dem country boys from around the way  
(Who wants some real love in their life)  
wave your hands in the air, (Come on ladies) now  
scream it out Oh yeah!  
(Who needs some real love in their life)  
wave them side to side, Now where are all the sexy  
girls (Where you at? Where you at?)

*[Chorus]*

Calling all girls  
all around the world,(as we proceed) we want to get to  
know you  
Calling all girls  
all around the world, we just want to love you (girls girls  
girls girls) *[Second time around]*

*[Verse 2]*

Now every city every block around the globe  
every girl every area code  
we'll be in your town ( in your town, in your town, in your  
town)  
show her some love  
cause there's one girl for each one of us guys  
and we just wanna switch them numbers  
ever had caught you some time

(Who wants some real love in their life)  
wave your hands in the air,(Here we go ladies) now  
scream it up Oh yeah!

(Who needs some real love in their life)  
come on and wave them side to side, now where are all  
the sexy girls  
(Where you at? Where you at?)

*[Chorus]*

*[Bridge]*

Going world wide (Fill up the jets)  
Going world wide (Ladies around the world get ready)  
Going world wide (Were coming to your town)  
Going world wide (So put your hands up now)

*[Rap]*

I like them brown, yellow, porturican or asian  
slim thin waist with a beautiful facin'  
yeah, you no low, you got the ma no low  
tims on you sets strong, rollin for do low  
I see you in the summertime wearing caprice  
looking so good it feels like a hundred degrees  
mami please, I need me a chick that will stay down  
hittin' so many cities, they call me GreyHound  
I'm searching for the finest, the type of girl thats rough  
but still a diamond,  
fills like Phyllis Hammad  
I'm looking for a mami, a girl that chill and discuss  
and play the cut, don't be sayin' too much  
but I'm not pursuing them, some say that I'm ruining  
them  
but twenty cent dude, I'm known for bagging two of  
them  
thats how we doin' them, they hard to tell  
you need to holla at dem boys called ATL

*[Chorus]*

ATL we callin' out  
Shy Town we callin' out  
New York we callin' out  
NYA up to LA  
Uptown we callin' out  
Oak town we callin' out
