Girl you got me stuck in the daze  
Look at you, i'm amazed, let me make this clear  
And i don't really care about the past  
Let it stay where it's at, i'll take it from here  
Cos i can be your next better, better then your ex  
Make that heartbreak disappear  
Baby oh oh  
We could make this real

Baby look what you and i started now  
I wonder what's your name  
If i had to take a guess right now  
I'll call you my little pretty girl  
You know you look fly  
It's your walk, it's your style  
Girl you light up my life  
And that's why  
You're my pretty girl  
You know you so fly  
Girl i want you, i can't lie  
Don't let this moment past you by

I can see us in my house, in my room  
All alone me and you, we could getaway  
And i could kiss the spot (?)  
That no one ever knew, it's whatever baby  
When my eyes catch a glimpse to the words from your  
lips  
It's so good to me  
Cos baby you are all i need  
And i know this for sure

Baby look what you and i started now  
I wonder what's your name (what's your name)  
If i had to take a guess right now  
I'll call you my little pretty girl  
You know you look fly  
It's your walk, it's your style

Girl you light up my life  
And that's why  
You're my pretty girl

You know you so fly  
Girl i want you, i can't lie  
Don't let this moment past you by

There's something that you should know, my baby  
Once i get you i'ma never let you go, my baby  
Single ladies in the place if you got a pretty face  
Baby i could be your man tonight  
To all my single ladies in the place if you got a pretty  
face  
Baby i could be your man tonight

I'll call you my little pretty girl  
You know you look fly  
It's your walk, it's your style  
Girl you light up my life  
And that's why  
You're my pretty girl  
You know you so fly  
Girl i want you, i can't lie  
Don't let this moment past you by

I'll call you my little pretty girl  
You know you look fly  
It's your walk, it's your style  
Girl you light up my life  
And that's why  
You're my pretty girl  
You know you so fly  
Girl i want you, i can't lie  
Don't let this moment past you by
