Chorus:

If you believe in forever
Then life is just a one night stand
If there's a rock & roll heaven
Well you know they got a hell of a band, band, band

Jimi gave us rainbows
Janis took a piece of our hearts
And otis, brought us all to the dock of the bay
Sing a song to light my fire
Remember jim that way
They've only found another place, another place to play

(repeat chorus)

Remember bad bad leroy brown
Jimmy touched us with that song
And time won't change a friend we came to know

Bobby gave us mack the knife
Look out he's back in town
They'll all be there together, when we meet in one big
show

(repeat chorus)

Bridge:

There's a spotlight waiting
No matter who you are
'cause everybody's got a song to sing
Everyone's a star

Final chorus:

If you believe in forever
Then life is just a one night stand
If there's a rock & roll heaven
Well you know they got a hell of a band
