Watching, waiting, rising, falling  
Listening, calling, drifting  
Touching, feeling, seeing, believing  
Hoping, sending, leaving

I couldn't say why you and I are Gemini  
If I tried to write a million words a day  
I see your shadow coming closer  
Then watch you drifting away

Watching, waiting, rising, falling

Listening, calling, drifting  
Touching, feeling, seeing, believing  
Hoping, sending, leaving

I couldn't say why you and I are Gemini  
We are traveling a million worlds away  
I see your shadow coming closer  
And watch you drifting away  
Watch you drifting away
